2 ▼ More than a few *did* bring guns, just in case.  
They didn't get them out because Trump asked them to go home in peace.  
I was there. I made the decision to be unarmed. However, I was prepared to stay and occupy for days. I had resupply chains in place to stay even longer. I left within a minute of seeing Trump's tweet, asking for peace.  
But he "incited violence"...
